GOVERNMENT OF MYSORE, STORES PURCHASE COMMITTEE, BANGALORE.

No. S. P. C. 2336-55, *dated* 28*th July* 1939.

To

The Firms dealing in Bicycles.

Enquiry No. 3566.

BICYCLES.

GENTLEMEN,

Sealed tenders will be received by the undersigned up to the 16th of August 1939 in accordance with the conditions of contract specified below for the supply of bicycles required by the Mysore Government Departments during the year commencing from the 13th of September 1939 ending with 12th of September 1940.

1. The quotations should hold good for one year from the date of the contract is let.
2. The Stores Purchase Committee do not bind themselves to purchase any particular make of machines exclusively or any definite number thereof during the contract period.

3. The prices to be quoted should be for free delivery in all Government Offices in the Mysore State.

4. The tenders should specify whether the machines quoted for are standard makes conforming to British Standard Specifications and a certificate of such guarantee should be furnished with every machine supplied.

5. Tenderers should state if they hold ready stocks of spare parts of such machines.

6. The quotations should be for machines complete with Maker's original fittings and fitted also with the following extra parts :—

(1) Dunlop make of tyres and tubes.
(2) Brooks 90/2 or Terry's saddle.
(3) Lucas bell.
(4) Lucas lamp.
(5) Lucas pump.
(6) Toolbag and Tools.

7. Full specifications of the machines and complete details of the accessories and tools offered should be furnished in the quotation.

8. All bicycles to be supplied to Government departments, should be painted *Bright Green* so as to distinguish them from other bicycles.

9. It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellation of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

10. The above enquiry No. and date should be quoted in all your correspondence.

No. S. P. C. 2321-35, *dated 27th July* 1939.

To

The Firms dealing in Air Compressors.

Enquiry No. 3567.

PORTABLE WELDING SET AND AIR COMPRESSOR SET.

DEAR SIR/GENTLEMEN,

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the attached schedule, in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Pucrhase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed " Quotations for Portable Welding set and Air Compressor set" with the above enquiry Number.

This enquiry will be closed on the 7th of September 1939.

Schedule.

Item No.	Description of material offered	Quantity	Price quoted F. O. R.	Time of delivery
1	Air Compressor of capacity 12 to 15 Horse Power with Air Receiver and driven by an Electric Motor of sufficient capacity to work with a supply of an alternating current of 220 volts, 25 cycles, 3 phase all mounted on a trolley provided with wheels and cover complete	*One*	*Belagola.*	

Item No.	Description of material offered	Quantity	Price quoted F. O. R.	Time of delivery
	The above plant should be capable of supplying compressed air to work one Rivetting hammer capable of using $\frac{7}{8}$" dia. Rivets and one Pneumatic Chipping and Caulking hammer at the same time. One complete set of accessories for working the above compressor set also to be supplied with the above equipment.		*Belagola*	
	The time required for supplying from the date of order to be stated.			
	Drawings and complete literature and working instructions to be supplied along with the above equipment.			
2	Single Operator—Portable Motor Generator Welding set with complete equipment capable of supplying current for welding 2" dia. chain links or 2" thick cast iron and mild steel plates with a complete set of accessories spares and cables	*One*		
	The Generator should be capable of supplying one Operator with a welding current up to 300 amp., when driven at an approximate speed of 1,400 R.P.M.			
	The Electric Motor should be suitably rated for developing sufficient Horse Power to drive the Generator when operating on a 210 volts, 25 cycles, 3 phase alternating current supply at an approximate speed of 1,450 R.P.M.			
	The Equipment comprising the Motor, the Generator, the Starter with all their allied parts should be mounted on a Motor frame being flexibly coupled.			
	Motor frame being flexibly coupled together on a substantial Bed plate and mounted on a Four wheel fabricated steel work provided with a cover and shall be fitted with a draw bar and a front survelling axle.			
	The machines comprising the whole equipments to be rated in accordance with B.S.S. 638/1935 and 168/1936.			
	Drawings and complete literature and working instructions to be supplied along with the above equipment.			
	The time of despatch from the date of order to be stated in the tender.			

No. S. P. C. 2448-65, *dated 28th July* 1939.

To

The Firms dealing in Hardware..

Enquiry No. 3569.

GALVANIZED STEEL PINS.

DEAR SIR/GENTLEMEN,

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the attached schedule, in the form printed overleaf.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for Galvanized Steel Pins" with the above enquiry Number.

This enquiry will be closed on the 31st August 1939.

Schedule.

Item No.	Description of material offered	Quantity	Price quoted F. O. R.	Time of delivery
1	Galvanized Steel Pins $6\frac{1}{2}'' \times \frac{1}{2}''$ complete with nut and one round G. I. Washer of $1\frac{7}{8}''$ outside diameter as per drawing No. 36 G. which can be had from the undersigned on application	10,000 Nos.		

The galvanizing of the materials should strictly conform to the following specifications :—

(*a*) The galvanizing shall consist of an even coating of pure zinc of uniform thickness and shall be applied preferably by the hot process, so that it adheres firmly to the ferrous material. The finished surface shall be smooth. The galvanizing shall be done after the parts have been machined when machining is required.

(*b*) The zinc galvanizing should correspond to the following corrosion test of British Engineering Standard Association Specification :—

(*i*) If protected from corrosion by means of zinc galvanizing the iron or steel member shall be immersed in a freshly made saturated solution of copper sulphate at a temperature of 60° F (15.6° C) and shall be allowed to remain in the solution for one minute, after which it shall be withdrawn and wiped clean. The protective covering shall admit of this process being performed four times without any signs of a deposit of metallic copper showing on the samples.

N.B.—The prices to be quoted should be for both on c.i.f., Madras and on factory delivery basis.

No. S. P. C. 2466-77, dated 28th July 1939.

To

The Firms dealing in Leather Goods.

1	Leather Buckets required for filters as per blue print which can be had from the undersigned, each set comprising of one Influent, one effluent, one drain, one wash and one air valve (5 in each set)	6 *Sets*	*Bangalore City.*	

No. S. P. C. 2478-2514, *dated 28th July* 1939.

To

The Firms dealing in Pumping Sets.

Enquiry No. 3571.

ELECTRIC PUMPING SET FOR GHATI SUBRAHMANYA WATER SUPPLY.

GENTLEMEN,

Please be good enough to intimate your best prices and the earliest time of delivery for One Electric Motor driven centrifugal pump conforming to the specification given in the under-mentioned schedule.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for the Electric Pumping Set for Ghati Subrahmanya Water Supply" with the above enquiry Number.

This enquiry will be closed on the *18th August 1939.*

Schedule.

Specification for an Electric Motor driven Centrifugal Pump required for Ghati Subrahmanya Water Supply :—

Pump.—The pump may be a multi-stage centrifugal pump capable of discharging 135 gallons per minute against a total head from all causes of 320 ft. continuously throughout 24 hours. The pump casing should be made of hard and close grained cast iron preferably horizontally split so as to enable easy removal for inspection.

The shaft should be made of best Siemens Martin steel or preferably stainless steel. The impellers guide vanes neck rings glands and bushes should all be made of zinc free hard phosphor bronze. It should be preferably be of a double entry self balanced type so that there may be no end thrust on the shaft. The pump must be fitted with suitable ball or roller thrust bearing to take up residual thrust, if any. The pump should be fitted with pressure and volume gauges and air release cocks drain cocks, and priming funnel.

The pump should be directly coupled to a suitable electric motor by means of flexible pin coupling and fitted on a common C. I. base plate. It should be supplied with suitable foundation bolts for fixing.

Motor.—The motor should be capable of running 13 phase 220 volts 25 cycles, A. C. system. The motor should have about 15 per cent continuous overload capacity. It should be of drip proof type and supplied with a switch gear incorporating one ammeter, one volt meter and no load and overload relays. The efficiency and power factor of the pump and motor at full load, three-quarter and half load should be furnished. The combined efficiency of the pumping set when giving the required duty should be clearly specified.

Delivery.—The time of delivery may be specified clearly. The article should be supplied f.o.r. Dodballapur Railway Station and tenders may be given accordingly.

No. S. P. C. 2515-32, *dated* 28*th July* 1939.

To

The Firms dealing in Typewriters.

Enquiry No. 3572.

TYPEWRITERS.

GENTLEMEN,

Sealed tenders will be received by the undersigned up to the 14th August 1939 in accordance with the conditions of contract specified below for the supply of typewriters (both Stationery and Portable models) required by the Mysore Government Offices during the year 1939-40.

(1) The quotations should hold good for one year from the date of the contract is let.

(2) The Stores Purchase Committee do not bind themselves to purchase any particular make or makes of machines exclusively or any definite number of machines during the year.

(3) The prices to be quoted should be for supply of the original make of machines and not factory rebuilt ones. A guarantee to that effect should be furnished in each case.

(4) The prices to be quoted should be for free delivery on rails at any Railway Station in the Mysore State.

(5) The tenders should specify whether ready stock of spare parts of the machines supplied are held by the tendering firms and whether they have any service agency in the Mysore State.

(6) The quotations should include the cost of baseboard, metal and dust-proof cover, and the usual accessories to be supplied with each machine which should be specified in detail by the tendering firm.

The above enquiry number should be quoted in all your correspondence.
